Resurfacing Project Begins on I-55 from Weber Road to Willow Springs Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced that temporary, nightly lane closures will take place on the Stevenson Expressway (Interstate 55) between Weber Road and Willow Springs Road, in Bolingbrook, Woodridge, Romeoville, Darien, Burr Ridge, Willowbrook and Chicago, beginning, weather permitting, Monday, October 17. The closures are necessary for a patching and resurfacing project along the Stevenson Expressway.

In order to complete the work, temporary, nighttime lane closures will take place in various locations along Interstate 55 from Weber Road to Willow Springs Road. Weekend lane closures also will be necessary on Interstate 55 at Joliet Road and Illinois 53 to complete some bridge deck repairs.

The scope of the project includes resurfacing, patching, bridge deck repairs and drainage improvements. The overall project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
