PRESS RELEASE

IL 157 & Main/State Street Intersection in East St Louis

The Illinois Department of Transportation today announced that the intersection of IL 157 and Main/State Street in East St. Louis will have intermittent lane closures as shown below:

- The eastbound lanes of State Street will be restricted to one lane approaching the intersection with IL 157.
- The westbound lanes of Main Street will be restricted to one lane approaching the intersection with IL 157.
- IL 157 will be restricted to one lane in both directions through the intersection.

Flaggers will be utilized to shift and move traffic through the intersection.

Work will begin on September 12, 2016, weather permitting, and will take place daily between 6:00 AM and 7:00 PM. This work is necessary to resurface all legs of the intersection and should be completed by the middle of October.

The General Contractor on this project is Keeley Construction of East St Louis. Joe Gasaway is the Supervising Field Engineer for the Illinois Department of Transportation. If you have any questions concerning this project, you may contact him at 618-346-3354.
