Bridge Repairs on Illinois 58 in Hoffman Estates

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will begin this week on the structure that carries Illinois 58 over Poplar Creek, located west of Illinois 59, in Hoffman Estates. The lane closures are necessary for a bridge repair project.

In order to complete the bridge repairs, the Illinois 58 bridge over Poplar Creek will be reduced to one lane in each direction. Traffic will be shifted to the outside of the bridge to allow for work to be completed on the center of the bridge. Turn lanes will be maintained from Illinois 58 to Illinois 59. Motorists should use Illinois 72 as an alternate route.

The overall project is expected to be completed in Summer 2018.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
