US 150 Roadwork Begins April 19 near Saint Joseph

SAINT JOSEPH – The Illinois Department of Transportation announces roadwork beginning April 19 on US 150 at the Glover bridge over the Union Pacific Railroad, weather permitting. One lane will remain open on US 150 at all times during this work, as the work will be controlled by temporary bridge signals. The duration of this work will be approximately one month.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be on the alert for workers and equipment.
