Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on US 150 from US 81 to IL 17 will begin on Wednesday, February 21, 2018. Valley Construction is starting the \$9.2 million project to improve the six-mile section of US 150.

Traffic will be restricted during the day to one lane in each direction as the contractor will begin tree removal and earthwork activities. These activities are scheduled to continue to the end of April.

Drivers should be alert for the lane closures and for slow moving construction vehicles entering and exiting the work areas.

Please slow down and use extreme caution while driving through all work zones.
