## **Resurfacing Project on IL 176 between IL 23 and IL 47**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that a resurfacing project will take place on Illinois 176 between Illinois 23 and Illinois 47, in Marengo, beginning, weather permitting, the week of July 9.

In order to complete the work, intermittent daytime lane closures will take place on Illinois 176, with flaggers to direct motorists through the work zone. Nighttime lane closures also will be necessary at times.

The project is expected to be completed in Fall 2018.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
