Lucas Bridge down to one lane on July 16 *Routine bridge inspection expected to last a week*

HAVANA — The Illinois Department of Transportation announces that a routine bridge inspection of the Scott W. Lucas Memorial Bridge will begin Monday, July 16.

The inspection of the structure that carries U.S. 136, Illinois 78 and Illinois 97 over the Illinois River will reduce traffic to one lane controlled by flaggers and is expected to be complete by Friday, July 20, weather permitting.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
