BRIDGE REOPENING

IL 161 over Shoal Creek Overflow East of Germantown

Collinsville, Illinois – The Illinois Department of Transportation announces the reopening of IL 161 east of Germantown. The critical repairs to this structure carrying IL 161 across the Overflow have been completed allowing the highway to open.

Motorists should expect intermittent single lane closures during the next two weeks to facilitate the remaining required repairs. The Contractor, Keeley & Sons of East St. Louis, will utilize flaggers to maintain two-way traffic at all times across the structure while the remaining work is accomplished.

Additional information is available at www.stl-traffic.org.
