## **All Lanes Closed on Inbound Eisenhower at St. Charles Road**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that a full closure is underway on the inbound Eisenhower Expressway (eastbound Interstate 290) at St. Charles Road, due to a crash, Thursday, March 1.

All lanes on the inbound Eisenhower Expressway are closed at St. Charles Road. Eastbound Eisenhower traffic is being diverted to exit at St. Charles Road. The two left lanes on the outbound Eisenhower Expressway at St. Charles Road are closed at this time as well.

The full closure on eastbound I-290 is expected to remain in place for multiple hours. Motorists are encouraged to find alternate routes through the area.

We are working with the Illinois State Police in their investigation and all crash-related inquiries should be directed to them.
