Intersection Improvement Project at U.S. 41/Hibbard Road Resumes in Wilmette

CHICAGO – The Illinois Department of Transportation announced that an intersection improvement project at U.S. 41 (Skokie Road) and Hibbard Road in Wilmette has resumed to complete remaining work in a new traffic pattern.

In order to complete the work, Skokie Road will be reduced to one lane in each direction with lane width reductions between Lake Avenue and Wilmette Avenue. Hibbard Road will be open to southbound traffic only between Central Avenue and Lake Avenue, with a detour posted for northbound traffic. Access to businesses will be maintained at all times.

The project consists of widening and resurfacing the intersection, as well as modernizing traffic signals.

The project is expected to be completed this summer.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
