Bridge Repairs on I-190 over Des Plaines River Road

CHICAGO – The Illinois Department of Transportation announced that a bridge repair project will take place on the structure that carries Interstate 190 over Des Plaines River Road, in Rosemont, beginning, weather permitting, the week of April 2. The bridge repair project will require daytime lane and sidewalk closures.

In order to complete the bridge repairs, temporary lane closures and sidewalk closures will take place on Des Plaines River Road during off-peak hours.

The project will extend the life of the bridge that carries Des Plaines River Road over Interstate 190. The overall project is expected to be completed in May 2018.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
