Bridge Repairs on South Street over U.S. 14 in Woodstock

CHICAGO – The Illinois Department of Transportation (IDOT) announced that bridge repairs will require a full closure on the structure that carries South Street over U.S. 14, in Woodstock, beginning, weather permitting, Tuesday, May 29.

In order to complete the bridge repairs, South Street over U.S. 14 will be fully closed. A posted detour will direct traffic to use Davis Road and Dean Street as alternate routes.

The scope of the project consists of bridge repairs, including repair of the steel beams under the bridge. It's expected to be completed in Summer 2018.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
