Daytime lane closures on Avondale Avenue in Chicago

CHICAGO – The Illinois Department of Transportation announced that a resurfacing project on Avondale Avenue between Oliphant and Bryn Mawr avenues, in Chicago, will begin, weather permitting, Monday, April 22.

The project consists of resurfacing, new sidewalk ramps, curb and gutter replacement and drainage improvements.

The work will require daily lane closures on Avondale Avenue until the anticipated completion date in late August.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
