## **Lane closures on Illinois 38 in Kane County**

**CHICAGO** – The Illinois Department of Transportation announced that bridge repairs to Illinois 38 over the Union Pacific Railroad tracks, between Elburn and Maple Park, will require lane closures beginning, weather permitting, May 1.

The project consists of structural steel replacement, substructure repairs and the installation of a new bridge deck and approaches. Traffic will be reduced to one lane controlled by a temporary traffic signal.

The work is expected to be complete by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
