U.S. 14 resurfacing in Des Plaines and Park Ridge

CHICAGO – The Illinois Department of Transportation announced that a resurfacing and patching project on U.S. 14 from Western Avenue, in Des Plaines, to Vernon Avenue, in Park Ridge, will require daytime lane closures and sidewalk closures beginning this week.

In addition to the resurfacing, the project includes the installation of sidewalk pedestrian ramps. Overnight lane closures could be possible during the course of construction.

The project is expected to be complete by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
