## Lane closures for bridge work on Kingery Highway

**CHICAGO** – The Illinois Department of Transportation announced that improvements to the bridges on Kingery Highway (Illinois 83) over Ogden Avenue (U.S. 34) and the BNSF Railroad tracks just west of the West Hinsdale station will require lane closures beginning, weather permitting, May 14.

The project consists of installing a new deck surface and making repairs to the bridge joints. In the first phase of the project, traffic will be reduced to one lane in each direction and shifted to the northbound lanes. Future phases will shift traffic to the southbound lanes. Portable message signs will inform motorists of these changes as they occur.

The work is expected to be complete by the end of November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
