U.S. 30 bridge work in Chicago Heights

CHICAGO – The Illinois Department of Transportation announced that improvements to the bridge carrying U.S. 30 over Thorn Creek, in Chicago Heights, will require lane closures between Edgewood Avenue and Illinois 1 (Chicago Road) beginning, weather permitting, Wednesday, May 1.

The project consists of substructure repairs, reconstruction of bridge joints and a new concrete overlay.

Access to all businesses will be maintained in the work zone.

The work is expected to be complete by the end of July.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
