Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on US 6 over I-80 in Colona will begin on April 8, 2019. Brandt Construction Co. will be completing repairs to the structure on the \$774,304 project.

Flaggers will be guiding traffic through the construction while the road is widened. US 6 will then be one lane with signals while repairs are made. Work is expected to be completed by the end of August 2019. I-80 traffic will not be affected by this work.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
