## Illinois 22 bridge closing Aug. 19 in Lake Barrington

**CHICAGO** – The Illinois Department of Transportation announced that culvert repairs, pavement patching and guardrail replacements to Illinois 22 over Flint Creek, in Lake Barrington, will require a full closure starting, weather permitting, Monday, Aug. 19.

In order to complete the work, Illinois 22 will be closed between Harbor Drive and Old Barrington Road. A detour will direct traffic to U.S. 14 and Illinois 59 (North Hough Road). Signs directing ambulances and other emergency traffic heading specifically for Good Shepherd Hospital will be posted. All other hospital traffic should follow the posted detour.

The work is expected to be complete within four weeks.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
