## Culvert repairs on Illinois 59 in Warrenville

**CHICAGO** – The Illinois Department of Transportation announced that culvert repairs on Illinois 59, just north of Mack Road, in Warrenville, will require lane closures starting, weather permitting, Monday, Aug. 19.

In order to complete the project, northbound Illinois 59 will be reduced to one lane for up to four weeks. Following completion of the work on the northbound lanes, the southbound lanes will be reduced to one lane for another three to four weeks.

The project is expected to be complete by mid-October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
