New traffic pattern at U.S. 20 and Harmony Road

CHICAGO – The Illinois Department of Transportation announced that as part of the ongoing project to reconstruct and convert the intersection of U.S. 20 and Harmony Road into a roundabout, a new traffic pattern will start the week of Dec. 9.

The new traffic patterns are as follows:

- Traffic will be moved to the new pavement and the east leg of Harmony Road will be opened to traffic.
- The west leg of Harmony Road will be closed for two to three weeks in order to build a temporary ramp to allow traffic access to the new road. Motorists are advised to follow the posted detour on Harmony Road, Maple Street, Coral Road and U.S. 20.
- Daytime lane closures will be in place and controlled by flaggers.
- The intersection of U.S. 20 and Harmony Road will continue to be controlled with stop signs.

The work is expected to be complete by June 2020.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
