Emergency bridge repairs on inbound I-55

CHICAGO – The Illinois Department of Transportation announced that emergency bridge repairs will require temporary lane closures on inbound Interstate 55 (Stevenson Expressway) over Illinois 53, in Bolingbrook, until late this evening.

In order to complete the work, the two left lanes on inbound I-55 will be closed through the evening rush hour. In addition, temporary closures on northbound Illinois 53 will be in place until this afternoon.

Motorists can expect delays and should allow extra time for trips through this area. Alternative routes are strongly encouraged. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
