Milwaukee Avenue pavement repairs in Lake, Cook counties

CHICAGO – The Illinois Department of Transportation announced that pavement repairs along Milwaukee Avenue (Illinois 21/U.S. 45) in Cook and Lake counties will require intermittent, daytime lane closures starting, weather permitting, Monday, July 29.

The initial phase of work will take place between Townline Road (Illinois 60) in Vernon Hills and Church Street in Libertyville. Subsequent phases will follow on sections between Harts Road in Niles and Glenview Road in Glenview as well as between Washington Street and Skokie Highway (U.S. 41) in Gurnee.

The work is expected to be complete by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
