Pulaski Avenue bridge repairs over I-55

CHICAGO – The Illinois Department of Transportation announced that waterproofing and joint repairs to the bridge carrying Pulaski Avenue over the Stevenson Expressway (I-55), in Chicago, will begin, weather permitting, Thursday, Aug. 1.

The project will require lane closures on Pulaski Avenue between 36th and 40th streets and ramp closures to and from the expressway. Both the lane and ramp closures will be temporary and done overnight. Pedestrians should expect temporary sidewalk closures as well.

The work is expected to be complete by mid-September.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
