Lane reductions on Waukegan Road

CHICAGO – The Illinois Department of Transportation announced that bridge joint repairs and the installation of a bridge deck overlay on the structure carrying Waukegan Road (Illinois 43) over Belvidere Road (Illinois 120), in Waukegan and Park City, will require reductions to one lane in each direction starting, weather permitting, Monday, July 8.

The work is expected to be complete by the end of November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
