Lane closures on Ohio feeder ramp over north branch of Chicago River

CHICAGO – The Illinois Department of Transportation announced that routine bridge inspections of the Ohio feeder ramp over the north branch of the Chicago River will require lane closures from 10:30 a.m. to 2 p.m. on Tuesday, July 9 in the inbound lanes and Wednesday, July 10 in the outbound lanes.

In order to complete the inspections, one lane will be closed and a minimum of two lanes will remain open at all times.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
