Culvert work, lane closure on Illinois 31 in McHenry

CHICAGO – The Illinois Department of Transportation announced that a culvert replacement project on Illinois 31 between West Lillian Street and Anne Street, in McHenry, will require daily lane and shoulder closures beginning, weather permitting, June 17.

Temporary traffic signals will be installed at Lillian Street and Illinois 31. From late June through the end of the project, a wide load restriction will be in place. Staging will be done to minimize the impact to traffic.

The work is expected to be complete by the end of November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
