## **I-474 work zone at Bartonville to grow**

**BARTONVILLE** – The Illinois Department of Transportation announces that the work zone along Interstate 474 at the Bartonville interchange will increase the week of March 18, weather permitting.

Flaggers will be used while barrier walls are moved and installed.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
