Indianapolis Avenue resurfacing in Chicago

CHICAGO – The Illinois Department of Transportation announced that resurfacing of Indianapolis Avenue (U.S. 12/41/20) between Ewing Avenue and 106th Street, in Chicago, will require daily lane closures beginning, weather permitting, May 15.

In addition to the resurfacing, curbs, gutters and detector loops will be replaced and new pedestrian ramps will be installed.

The work is expected to be complete by the end of August.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
