PRESS RELEASE – FLOODING UPDATE #25

As of 5/26/19 at 11:45 am

Collinsville– The Illinois Department of Transportation announces the CLOSING of **NB US 67 at IL 100 plus the left lane of SB US 67 (one SB lane remains open) in Alton** due to flooding.

In addition, these road and facility closures continue due to the persistent flooding: **IL 100 from US 67 in Alton to IL 16 in Jersey County, IL 3 Truck By-Pass (Water Street) in Chester, IL 155 outside of Prairie du Rocher, Brussels Ferry, SB US 67 in West Alton, Missouri (two-way traffic is established on the NB Lanes), Kaskaskia Street in Chester, IL 100 in Calhoun County just North of the Joe Page Bridge to Pearl, IL, IL 96 from County Highway 2 to Crooked Creek Hollow Road near Mozier Calhoun County (IL 96 from Crooked Creek Hollow Road north to Pike County Line is open to local traffic) and IL 3 at Mary’s River to the Jackson County line in Randolph County.**

In the next 48 hours, we expect an additional closure: SB US 67 @ IL 100 (completely) in Alton.

The Department will continue monitoring State roadways in the affected areas of Illinois. Based upon current hydrological forecasts, flooding has or may require closure of State Highways and Ferries along the Illinois and Mississippi Rivers. Over the next several days, we will provide updates, as warranted, when developments occur.

Traffic control devices and directional signage, including dynamic message boards, have been deployed to guide motorists safely around major closures. Travelers are advised to consider alternate routes or allow additional time to travel known flood prone areas. Regardless, all motorists are urged to be patient, reduce speed and exercise added caution throughout the Metro East region – as traffic patterns and travel times will likely be affected.

Since this is a very dynamic situation, please see the Department’s website: <http://www.idot.illinois.gov/home/Comm/emergency-road-closures> for the latest information on roadway closures throughout Illinois. Detailed information on the Metro East is also available at <http://apps.dot.illinois.gov/stl-traffic/>.
