New lane closures on Illinois 59 in Warrenville

CHICAGO – The Illinois Department of Transportation announced that ongoing culvert repairs on Illinois 59, just north of Mack Road, in Warrenville, will require a new lane closure pattern starting, weather permitting, the week of Sept. 23.

Starting next week, the northbound lanes will be reopened and the right southbound lanes will be closed from Willow Lane to Mack Road.

The work is expected to be complete by mid-October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
