## **Intersection improvement in Beach Park**

**CHICAGO** – The Illinois Department of Transportation announced that improvements to the intersection of Green Bay Road (Illinois 131) and Kenosha Road, in Beach Park, will require intermittent, daily lane closures, lane shifts and width restrictions starting, weather permitting, Monday, Sept. 9.

Motorists are advised to watch for changes in traffic configurations through the work zone during the project. The work zone will be along Green Bay Road from north of Kenosha Road to Clarendon Road.

The work is expected to be complete by November 2020.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
