I-39 pavement patching begins Sept. 9

EL PASO — The Illinois Department of Transportation announces that pavement patching along Interstate 39 between El Paso and Wenona begins Monday, Sept. 9.

The work will require lane closures and is expected to be complete by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
