Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, an inside lane closure will be installed on eastbound John Deere Road between I-74 and 38th Street from Tuesday, September 17th thru Wednesday, September 18th. Collins & Herman, Inc. will be installing the new overhead sign truss foundations, with the overhead truss to be installed in the Spring of 2020.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
