Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work will begin on Tuesday, October 1, 2019, on IL Route 136 in Fulton. Civil Constructors, Inc. will be starting the \$183,000 project to complete hot mix asphalt resurfacing on IL Route 136 from west of 4th Street to 6th Street.

The improvements will require day time lane closures utilizing flaggers for the duration of the project which is expected to be completed by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
