U.S. 30 pavement patching begin this week

CHICAGO – The Illinois Department of Transportation announced today that starting this week pavement patching on U.S. 30 from Illinois 394, in Ford Heights, to the Indiana state line, in Lynwood, passing through Sauk Village, will require daily, intermittent lane closures.

U.S. 30 will remain open to traffic at all times with at least one lane in each direction. The ramps from northbound Illinois 394 to eastbound U.S. 30 and westbound U.S. 30 to northbound Illinois 394 will be closed for one night to completed crack and joint filling.

The project is expected to be completed in early July.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
