Palatine Frontage Road resurfacing begin this week

CHICAGO – The Illinois Department of Transportation announced today that starting this week resurfacing of Palatine Frontage Road from Verde Avenue to Palatine Road, in Arlington Heights, will require daily, intermittent lane closures.

The project, which consists of patching and resurfacing Palatine Frontage Road, along with constructing new ADA-compliant sidewalk ramps, is expected to be completed in early June.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
