I-80 weigh station improvements begin May 4

CHICAGO – The Illinois Department of Transportation announced today that a weigh station improvement project on westbound Interstate 80, in Tinley Park, will begin, weather permitting, Monday, May 4.

The project consists of replacing a weigh-in-motion (WIM) scale, controller cabinet, pavement resurfacing and electrical upgrades.

In order to complete the work, westbound I-80 weigh station (scale #10) will be closed from Monday, May 4 to early July.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
