Bridge work on Illinois 38 over the Fox River

CHICAGO – The Illinois Department of Transportation announced today that repairs to the bridge carrying Illinois 38 over the Fox River, in Geneva, will require lane closures beginning, weather permitting, Monday, May 11.

In order to complete the work, Illinois 38 will be reduced to one lane in each direction on the bridge.

The project, which consists of joint repairs and the installation of a new deck overlay, is expected to be completed by early August.

Motorists can expect delays and should allow extra time for trips through this area. Alternative routes are strongly encouraged. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
