Dundee Road resurfacing begins May 1

CHICAGO – The Illinois Department of Transportation announced today that resurfacing of Dundee Road (Illinois 68) from Rand Road (U.S. 12) to Kennedy Drive, in Northbrook, will require daily, intermittent lane closures, beginning, weather permitting, Friday, May 1.

The project, which also involves constructing new ADA-compliant sidewalk ramps, modernizing traffic signals, replacing deteriorated medians and curbs and installing lighting, is expected to be completed in November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
