McClugage Bridge inspection begins April 27

Daytime lane closures necessary on westbound side

EAST PEORIA – The Illinois Department of Transportation announces that a routine inspection of the westbound span of the McClugage Bridge, which carries U.S. 150 over the Illinois River, begins April 27.

The inspection will require lane closures on the bridge from 8:30 a.m. to 4:30 p.m. and is expected to last a week.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
