Lane reductions for Spalding tunnel begin Feb. 24

Maintenance of lights needed in area leading up to I-74 in Peoria

PEORIA – The Illinois Department of Transportation announces that lane reductions in the Spalding Avenue tunnel toward westbound Interstate 74 in Peoria begin Monday, Feb. 24.

The reductions are necessary for maintenance of the lights in the tunnel and will be in place from 8:30 a.m. to 3 p.m. through the end of the week.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
