Signal work at Adams and Abington begins Jan. 27

PEORIA – The Illinois Department of Transportation announces that replacement of traffic signals at the intersection of Adams and Abington streets in Peoria begins Monday, Jan. 27.

The work will require intermittent lane closures and is expected to last one week. Signals at the intersection will be off at times, when the intersection will then be controlled by temporary stop signs.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
