## Illinois 31 improvements begin August 3

**CHICAGO** – The Illinois Department of Transportation announced today that improvements to State Street (Illinois 31) from West Road, in Elgin, to Strom Drive, in West Dundee, will require daily lane closures beginning, weather permitting, Monday, August 3.

The project includes patching and resurfacing the 5.6-mile stretch of State Street, constructing new ADA-compliant sidewalk ramps, improving drainage and replacing deteriorated curbs, as well repairs to the State Street bridge over U.S. 20 (Elgin Bypass).

Access to residences and businesses within the work zone will be maintained throughout construction. The project is expected to be completed in summer 2021.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
