## **Ashland Avenue bridge repairs in Blue Island**

**CHICAGO** – The Illinois Department of Transportation announced today that repairs to the Ashland Avenue bridge over the Cal Sag Channel, in Blue Island, begin, weather permitting, Aug. 10.

Ashland Avenue will be reduced to one lane in each direction between Vermont and Broadway streets to complete the work.

The project, which consists of repairs to the bridge deck and structure, is expected to be completed by late November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
