Avondale Avenue resurfacing begins Aug. 3 in Chicago

CHICAGO – The Illinois Department of Transportation announced today that a resurfacing of Avondale Avenue, from Pulaski Road to just north of Addison Street, in Chicago, begins, weather permitting, Monday, August 3. Daily lane closures will be required to complete the work.

The project includes patching and resurfacing a half-mile stretch of Avondale Avenue, constructing new ADA-compliant sidewalk ramps, improving drainage and replacing deteriorated curbs.

Access to residences and businesses within the work zone will be maintained throughout construction. The project is expected to be completed by October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
