Palatine Frontage Road over U.S. 45 to close Wednesday

CHICAGO – The Illinois Department of Transportation announced today that the eastbound and westbound Palatine Frontage Road bridge ramps over Milwaukee Avenue (U.S. 45) and the Des Plaines River, in Wheeling Township, will close, weather permitting, Wednesday, June 17.

The closure is necessary to rebuild both bridge ramps, which carry traffic to and from Willow Road/Palatine Road. A detour will direct traffic to Wolf Road.

The project, which also includes replacing the bridge deck and walls, adding new curbs, and improving drainage on both ramps, is expected to be completed in December.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
