CONSTRUCTION NEWS RELEASE

ROAD CONSTRUCTION

IL 14

FRANKLIN COUNTY

The Illinois Department of Transportation would like to alert motorists traveling on IL 14 of upcoming ROAD CONSTRUCTION.

Beginning Monday, June 22, 2020, there will be road construction activity on IL 14 from the Hamilton/Franklin County Line near Macedonia to west of the Ewing Road due to mine subsidence. Contractor personnel will be onsite making temporary repairs to the roadway and permanent repairs will be ongoing throughout the completion of the mine subsidence which is scheduled to be completed in 2021. Motorists will encounter UNEVEN PAVEMENT and BUMPS throughout the duration of the subsidence. Traffic will be reduced to one lane in each direction and controlled by flaggers intermittently throughout the work zone. Message boards and signs will be in place to alert the motoring public of any change in road conditions. Motorists should reduce speed, be alert to equipment and workers and use extreme caution while traveling through the work zone.

To avoid any delays motorists should seek an alternate route. Emergency vehicles will be allowed through the work zone as quickly as possible.
