## Lake Cook Road bridge rehab begins April 13

**CHICAGO** – The Illinois Department of Transportation announced today that the rehabilitation of the Lake Cook Road bridge over U.S. 41, in Northbrook, begins, weather permitting, April 13.

To accommodate the work, Lake Cook Road will be reduced to one lane in each direction from just west of Skokie Boulevard to just east of Winona Road. Left turn lanes will remain open.

The project, which includes reconstructing the deck joints, repairing the substructure and deck, as well as installing a new deck overlay and approaches, is expected to be completed in late September.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
