Niles Center Road resurfacing begins this week

CHICAGO – The Illinois Department of Transportation announced today that starting this week resurfacing of Niles Center Road from Touhy Avenue to Church Street, in Skokie, will require daily, intermittent lane closures, access to local residences will be maintained.

The project, which consists of resurfacing Niles Center Road and constructing new ADA-compliant sidewalk ramps, is expected to be completed in November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
